R Bill 6690 sounds good but I oppose it because of what it doesn't say. The idea is fine; the way this could be manipulated by non dog lovers/owners.....is frightening. We need protection for animals but not so it goes into the type of thing Rick Santorum pushed a few years ago. '

I vote and I am a dog owner who is responsible and has trained dogs, done breed and Mut rescue....and wants the best for our four legged friends.
